

Rules  
Effective as of April 9, 2004<sup>1</sup>

The purpose of Rules is not to anticipate all acceptable or unacceptable behavior in advance and eliminate all improvements or activities that fall outside of "the norm." In fact, it is expressly intended that the Reviewer under Chapter 5 of the Charter, and the Board, as appropriate, have discretion to approve or disapprove items, or to enforce or not to enforce technical violations of the Governing Documents, based upon aesthetic or other considerations consistent with the established guidelines. As such, while something may be approved or permitted for one Unit under one set of circumstances, the same thing may be disapproved for another Unit under a different set of circumstances. The exercise of discretion in approving or enforcement shall not be construed as a waiver of approval or enforcement rights, nor shall it preclude the Board from taking enforcement action in any appropriate circumstances.

The following shall apply to the entire Village until such time as they are modified pursuant to the Charter.

**1. Restricted Activities.** Unless the Board expressly authorizes, and then subject to such conditions as it may impose, the following activities are prohibited within the Village:

(a) Parking of commercial vehicles or equipment, mobile homes, recreational vehicles, golf carts, boats and other watercraft, trailers, stored vehicles, or inoperable vehicles in places other than enclosed garages, or parking of any vehicles in a manner that results in use or access to any sidewalk being impaired; provided, construction, service, and delivery vehicles shall be exempt from this provision during daylight hours for such period of time as is reasonably necessary to provide service or to make a delivery to a Unit or the Common Area, and such vehicles, equipment, and other items may be parked in a driveway for a period not to exceed 24 hours as reasonably necessary to allow it to be washed and cleaned;

(b) Raising, breeding, or keeping animals except that a reasonable number of dogs, cats, or other usual and common household pets may be permitted in a Unit. However, those pets which are permitted to roam free, or, in the Board's sole discretion, make objectionable noise, endanger the health or safety of, or constitute a nuisance or inconvenience to the occupants of other Units shall be removed upon the Board's request. If the pet owner fails to honor such request, the Board may remove the pet. Dogs shall be kept on a leash or otherwise confined in a manner acceptable to the Board whenever outside the dwelling. Any person bringing a pet outside its Unit shall immediately remove any feces deposited on any portion of Verrado by the pet. The Board may restrict the portions of the Common Area on which pets are permitted. Pets shall be registered, licensed, and inoculated as required by law;

(c) Any activity that emits foul or obnoxious odors outside the Unit or creates noise or other conditions that tend to disturb the peace or threaten the safety of the occupants of other Units;

---

<sup>1</sup> These Rules supercede the Initial Rules attached as Exhibit "C" to the Community Charter for Verrado recorded in the official records of Maricopa County, Arizona, as Document No. 2002-1008906.

(d) Any activity that violates local, state, or federal laws or regulations; however, the Board shall have no obligation to take enforcement action in the event of a violation;

(e) Pursuit of hobbies or other activities that tend to cause an unclean, unhealthy, or untidy condition to exist outside of enclosed structures on the Unit;

(f) Any noxious or offensive activity which in the reasonable determination of the Board tends to cause embarrassment, discomfort, annoyance, or nuisance to persons using the Common Area or to the occupants of other Units;

(g) Outside burning of trash, leaves, debris, or other materials;

(h) Use or discharge of any radio, loudspeaker, horn, whistle, bell, or other sound device so as to be audible to occupants of other Units, except alarm devices used exclusively for security purposes;

(i) Use and discharge of firecrackers and other fireworks;

(j) Accumulation of rubbish, trash, or garbage except between regular garbage pick ups, and then only in approved containers;

(k) Discharge of firearms; provided, the Board shall have no obligation to take action to prevent or stop such discharge;

(l) On-site storage of fuel, except that a reasonable amount of fuel may be stored on each Unit for emergency purposes and operation of lawn mowers and similar tools or equipment, and the Association shall be permitted to store fuel for operation of maintenance vehicles, generators, and similar equipment. This provision shall not apply to any underground fuel tank authorized pursuant to Chapter 5;

(m) Any activities which materially disturb or destroy the vegetation, wildlife, wetlands, or air quality within the Village or which use excessive amounts of water or which result in unreasonable levels of sound or light pollution;

(n) Conversion of any carport or garage to finished space for use as an apartment or other integral part of the living area on any Unit without prior approval pursuant to Chapter 5;

(o) Any installation on the outside portions of the Unit, whether such portion is improved or unimproved of satellite dishes and antennas, except that:

(i) an antenna designed to receive direct broadcast satellite services, including direct-to-home satellite services, that is one meter or less in diameter;

(ii) an antenna designed to receive video programming services via multipoint distribution services, including multichannel multipoint distribution services, instructional television fixed services, and local multipoint distribution services that is one meter or less in diameter or diagonal measurement; or

(iii) an antenna that is designed to receive television broadcast signals; (collectively, "**Permitted Antennas**") shall be permitted on Units, subject to such reasonable requirements as to location and screening as may be set forth in the Design Guidelines, consistent with applicable law, to minimize obtrusiveness as viewed from streets and adjacent property. Founder and/or the Association shall have the right, without obligation, to erect one or more aerial, satellite dish, or other apparatus for a master antenna, cable, or other communication system for the benefit of all or a portion of the Village, should any master system or systems be utilized by the Association and require such exterior apparatus.

(p) Signs that are not owned or maintained by the Association, Assembly, Town, or any other applicable governmental agencies (including, but not limited to, commercial and similar signs, as well as for sale, for lease and open house signs) shall not be erected or maintained on any Unit except:

(i) Signs required by legal proceedings.

(ii) Identification signs for individual residences approved in compliance with the provisions of Chapter 5 of the Charter; and

(iii) Promotional and advertising signs of builders on any Unit, approved in compliance with the provisions of Chapter 5 of the Charter.

**2. Prohibited Conditions.** The following are prohibited at the Village:

(a) Plants, animals, devices, or other things of any sort whose activities or existence in any way is noxious, dangerous, unsightly, unpleasant, or of a nature as may diminish or destroy the enjoyment of the Village; and

(b) Structures, equipment, or other items on the exterior portions of a Unit which have become rusty, dilapidated, or otherwise fallen into disrepair.
